Apple Pay

Adding a card in your iPhone or iPad:

1. Go to Settings > Wallet & Apple Pay.
2. Tap Add Credit or Debit Card.
3. Follow the steps to add a new card. If you are asked to add the card that you use with iTunes, enter its security code.
4. Tap Next. Your bank or card issuer will verify your information and decide if you can add your card to Apple Pay. If your bank of issuer needs more information to verify your card, they will ask you for it. When you have the information, go back to Setting> Wallet & Apple Pay and tap your card.
5. After your bank or issuer verified your card, tap Next. You can now start using Apple Pay.

Adding a card to your Apple Watch:

1. Open the Watch app on your iPhone and go to the My Watch Tab. If you have multiple watches, choose one.
2. Tap Wallet & Apple Pay.
3. Follow the steps to add a new card. If you are asked to add the card that you use with iTunes, enter its security code.
4. Tap Next. Your bank or card issuer will verify your information and decide if you can add your card to Apple Pay. If your bank or issuer needs more information to verify your card, they will ask you for it. When you have the information, go back to Setting> Wallet & Apple Pay and tap your card.
5. After your bank or issuer verified your card, tap Next. You can now start using Apple Pay.

Using Apple Pay:

1. You do not have to touch your phone to the POS terminal. Hold it an inch or so away.
2. Your iPhone can be asleep when the transaction starts. It will wake up when it's close to the POS terminal.
3. To complete a transaction you will touch the Touch Id with one of your registered fingers. If you are using the Apple watch you will double click the side button and hold it near the POS terminal.
4. You can pay with your Apple device in stores where you see contactless terminals with either of these logos:
