

Samsung Pay

Set up Samsung Pay:

1. Install Samsung Pay on your Samsung phone by searching for it in your app store and clicking install.
2. Once installed, touch START.
3. Enter your Samsung account info then touch Sign In. (If you do not have a Samsung account, create an account by touching Sign up).
4. Review the Samsung Pay Terms of Service then touch Agree to All.
5. You will then need to set up an authentication method (fingerprint, pin, or password).

Adding a card to Samsung Pay:

1. In Samsung Pay touch Add > Add a credit card or debit card.
2. You will need to capture an image of your card or manually enter the card information. Then touch Next.
3. Review the Terms of Service and touch Agree to All.
4. To authenticate your identity, touch the desired verification method.
5. Enter the OTP (One Time Password) then touch Submit.
6. Enter your signature then touch Save.
7. To complete the process, touch Done.

Using Samsung Pay:

1. Unlock your phone and open Samsung Pay.
2. Choose the card you would like to use.
3. Hold the device near the contactless payment terminal.
4. You can use Samsung Pay at most stores with contactless terminals.
